Sing and Play

Video lessons at home:

Video 1: "Hello, My Friends" song*, Bible Point Introduction, and Buzzy Bee Intro

Buddy Video: Mack Week 1*

Music Video: "God Is Good"

Video 2: Bible Memory Buddy and Verse

Music Video: "Won't Worry 'Bout a Thing"*

At church or with several families in a home:

- Have kids give you and their Crew Guides a wave instead of a high-five.

Bible Discovery

Video lessons at home:

- Have families choose someone to be the shepherd and count the other family members as "sheep." Or kids could gather stuffed animals or action figures to be "sheep"!
- You won't have kids pull off your special coat. Instead, simply take it off and crumple it up. If you'd like, ask the "shepherd" to go get his or her coat and put it on, then take it off, crumple it, and hang it up.

At church or with several families in a home:

- Rather than “Knee-to-Knee,” make “Arms Out & Eye-to-Eye” Circles. Appropriately distanced tape marks on the floor will help.
- While sitting in a distanced Crew Circle, have “shepherds” point to “sheep” rather than tap them on the head.
- Skip over having kids gather around you to take off your special coat.

Apply-It Options

Video lessons at home:

- For the game, have families hide cotton balls or another item in their home.
- Skip Food-n-Friendship.
- Send Coloring Creation* pages to families ahead of time.

At church or with several families in a home:

- Hide one cotton ball per child so kids each find their own cotton ball.
- Follow your church’s safety protocols for distributing food in Food-n-Friendship.
- Add Coloring Creation* pages and crayons to individual supply boxes. You could skip adding colorful fabric so kids need less close assistance.

Goodbye Circle

- “Hide” Bible Memory Buddy stickers* upside down in individual supply boxes.
- Call kids by name, and invite them to find their Bible Memory Buddy stickers in their supply boxes.
